Muscat Steel Industries Company LLC is an ISO 9001:2008 certified and CARES approved company. In 2016 MSI received DCL product conformity certification. MSI was established in 2009 to produce High Yield Strength Reinforcement long steel products (8 mm ~ 32 mm)

Muscat steel Distributor (Cut & Bend Division) is equipped with modern machineries of advanced technology for Cutting and Bending of reinforcing steel which results in shorter delivery times, reduced wastage and higher accuracy in dimensions.

Muscat Steel Melting Company LLC, came to existence for construction of Steel Melting Plant in Rusayl Industrial Estate, Rusayl, Sultanate of Oman since 2012. We intend to support growing demand of steel for development of Sultanate of Oman technologically, economically, environmentally & socially.

BRC Wire Mesh is a steel reinforcement material in concrete. The mesh is used for replacing the traditional “cut & bend” and placing of steel thermo-mechanical treated bars. The mesh is an electric fusion welded prefabricated reinforcement consisting of a series of parallel longitudinal wires with accurate spacing welded to cross wires at the required spacing. Machines are used to produce the mesh with precise dimensional control. The product results in considerable savings in time, labour and money.

Muscat Unique Marble & Muscat Leading Marble factories are World-class marble processing plant with state-of-the-art machinery. All our marble products comply with internationally accepted physical and chemical parameters, which are well within norms for Commercial, Hospitality, Residential and Healthcare projects.
